*Arguments Against Substance Dualism Transformed Into
Arguments Against Our Being Composite Physical Objects*

Thursday
5 November 2020
4:00-5:45 pm

Abstract:

I argue that the main arguments against substance dualism (the view that we are each an immaterial soul) can be transformed into arguments against our being composite physical objects (e.g., brains, organisms). I conclude with reflections on the question: what exactly is the difference between our being immaterial souls and our being composite physical objects?
